

29 January 1958

MEMORANDUM FOR: Chief, SR/7

ATTENTION :

SUBJECT : Transmittal of Hydrogen Gas Metering Handbook

1. Transmitted herewith is a copy of a handbook titled Gas - Metering Handbook for Hydrogen Balloon Inflation. The handbook should facilitate accurate inflation and weigh off of large balloons where hydrogen is used for the lifting gas.

2. TSS, Engineering Division has had 250 copies of this handbook printed up and therefore can supply such additional copies as may be requested.

3. Should there be any questions develop concerning the use or interpretation of the handbook, please contact 210 West Outbuilding,

Chief
TSS/Engineering Division
